 GREATER NOIDA, INDIA

About Me

Strategic and performance-driven Senior Logistics & Supply Chain Leader with 20+ years of expertise in logistics operations, transportation management, fleet administration, warehouse operations, and end-to-end supply chain optimization across manufacturing, e-commerce, 3PL, 4PL, and transportation industries.

Proven track record of leading large-scale logistics networks, multi-modal transportation systems, regional fleet operations, plant logistics, and high-volume supply chain environments while driving operational efficiency, cost reduction, and business transformation initiatives.

MBA-qualified Supply Chain professional with advanced expertise in SAP TMS (S/4HANA Modules 1–15), SAP Ariba, ERP systems, vendor management, P&L accountability, SLA/KPI management, strategic sourcing, and process optimization. Recognized for collaborative leadership, strategic execution, crisis management, and building scalable logistics infrastructures aligned with organizational growth objectives.

Mr. Vikash Kumar Singh
